PROFESSIONAL SUMMARY

Dedicated Software Developer with 1 year of professional experience at Austere Systems Limited, specializing in frontend development using React.js. Experienced in building scalable, responsive, and user-friendly web applications, particularly for government-based systems. Strong understanding of API integration, component-based architecture, and performance optimization. Possesses foundational knowledge of backend technologies like Node.js and databases such as SQL and PostgreSQL. Adept at collaborating in team environments and delivering high-quality solutions.

WORK EXPERIENCE

Software Developer - Austere Systems Limited (April 2025 – Present)

Developed scalable and responsive web applications using React.js, focusing on building reusable and maintainable UI components to improve development efficiency. Integrated REST APIs and managed dynamic data rendering across applications. Contributed to multiple government portal projects ensuring performance, usability, and responsiveness. Collaborated closely with backend teams for seamless API communication and data flow. Additionally, debugged issues and optimized applications to enhance overall performance and user experience.

PROJECTS

Gram Sabha Management Portal (GPDP Haryana)

Developed a full-stack web application for Department of Panchayat, Haryana to manage GPDP workflows. Built interactive frontend using React with tools like Leaflet, Highcharts, jsPDF, and SheetJS. Integrated backend services with Node.js and MySQL, and implemented AWS S3 storage, JWT authentication, and scheduled tasks using node-cron.

Haryana Panchayat Portal

Developed user-friendly frontend for government portal systems with responsive layouts and interactive UI components. Integrated APIs for real-time data display and ensured cross-browser compatibility.

Recruiter Management Portal

Developed recruitment management system with dashboards and forms for managing job postings and applicants. Integrated APIs for CRUD operations and enhanced UI responsiveness across devices.

SKILLS

Java, JavaScript, HTML, CSS, React.js, Tailwind CSS, Node.js (Basic), SQL, PostgreSQL (Basic), Git

EDUCATION

B.Tech - AKTU University (2024)
